LABOR IS HOSTILE TO PRINCIPLE OF INDUSTRIAL COURT FEELS STRIKE WEAPON IS INDISPENSABLE TO WELFARE.

DOUBT SINCERITY Leaders Strong Against Tribunal; Rank and File Ready to be Shown.

By DAVID LAWRENCE Copyright, 1922, by Janesville Daily Gazette.

(This is the second of a series of three dispatches on the workings of the Kansas court of industrial relations, the principles of which are likely to furnish a basis for discussion when congress reconvenes.)

Topeka, Kan.—Law springs from public necessity. The welfare of the greatest number. The Kansas court of industrial relations grew out of a coal famine two years ago. Labor has been hostile from the start in this dispatch the writer will attempt to give some of the reasons why labor unions look with distrust on the Kansas law of compulsory adjudication of disputes in essential industries.

Labor feels that the strike weapon is an indispensable part of collective bargaining and contends that there is no such thing as a negotiation on even terms if one side knows the other has no leverage with which to enforce its terms.

Governor Allen and his associates in the industrial court experiment answer with the statement, first—that strikes are permissible in all industries except those directly producing public distress and that there is no need of the strike weapon when the state undertakes to enforce labor's side of the controversy if it is just.

Court Confidence. Broadly speaking, labor has little confidence in courts of any kind and is suspicious of most tribunals set up to settle industrial disputes. Labor is pessimistic—or rather labor leaders are, and hence a fear of an adverse verdict often actuates the spokesmen of organized labor when they resist or resort to tribunals, they argue that there is no restraint on the bargaining powers of the employer when he takes advantage of economic conditions to enforce lower wages.

Perhaps the clearest exposition of labor's philosophy is contained in the decision of the supreme court of Kansas which upheld the conviction of Alexander Howitt on charges of contempt but which said this to say on the attitude of labor:

"The mining industry is not guiltless. Some who have engaged in it had no conception of public service. They mined coal for profit. They were interested in limited production, because it was believed to occasion high prices."

Charlotte Mills, the Daughter and Her Attorney in Murder Mystery

Left to right, Charlotte Mills and her attorney, Florence North, whose pleas for state aid in solving the mysterious murder of her mother Eleanor Mills, has been answered by Governor Edwards.

Farmer Killed in Quarrel Over Pig

[BY ASSOCIATED PRESS.] Superior.—J. W. Turner, 40, a farmer living near Casey, Wis., died in a local hospital early Friday morning of wounds alleged to have been inflicted by a R. K. Mills, a neighbor, following a quarrel over a pig. The shooting occurred at Casey late Thursday. According to reports received by the authorities, Mills accused Turner of stealing a pig. Both men went to the office of an attorney in an effort to settle the dispute. Failing, they left the office together. Witnesses report that Mills pulled a revolver and fired three shots at Turner as the latter stepped into his buggy. Turner, although mortally wounded, engaged Mills in a fist fight, but was separated by the town marshal.

Turner was rushed to a hospital, where it was found three bullets had penetrated vital organs of his body.

CONTROL OF STATE SENATE IN DOUBT

Independents May "Jim Up" Apparent LaFollette Lead at Polls.

[BY ASSOCIATED PRESS.] Madison.—Contests being waged by independent candidates for the Wisconsin state senate will leave control of the upper house of the legislature in doubt until after the November general election, records prepared by Elmer S. Hall, secretary of state show.

All branches of the executive and legislative divisions of the state government, with the single exception of the state senate, are held firmly by the LaFollette faction of the Republican party. Indications point to their control of the upper house of the legislature, but it appears that the Socialist members may have to be called on to assure a majority during the coming session unless former opposition members change their political complexion.

Should all Republican nominees be elected the LaFollette faction would be assured of 16 votes, and their opponents of 13, with three Republican votes in doubt and one hold-over socialist member prepared to support the administration. This would give the governor a bare majority in the upper house. But the election map put a different complexion on matters.

Important battles are being waged in four senatorial districts outside of

Seyler Hearing Is Postponed

Madison.—The railroad commission Friday postponed its hearing on the complaint against the Seyler investment company, scheduled for the week of Oct. 23 to 28. It did not set a new date. The commission action is due to a request of the company that it be given more time to gather data.

Chippewa Falls, Wis.—The Wisconsin Methodist Hospital and Home association filed a claim for \$500,000 against the estate of the late R. D. Marshall, justice of the supreme court, asserting that he had promised the association that amount.

CURZON AND DERBY EXPECTED TO SIT IN NEW CABINET

BONAR LAW IS RAPIDLY GATHERING AIDES

WILL HEAD PARTY

Unionist Election Conceded; Announcement of Personnel Will Follow.

[BY ASSOCIATED PRESS.] London.—Andrew Bonar Law appeared before the House of Commons Friday in forming a cabinet to replace the fallen coalition government.

This was evidenced by the announcement that Marquess Curzon and the Earl of Derby, both men of influence and experienced cabinet ministers, have agreed to serve under him in any capacity.

Mr. Bonar Law cannot officially announce the formation of his ministry until he is elected head of the unionist party to succeed Austen Chamberlain, but it is generally conceded that this election will be only a formality.

The premier-designate was busy seeking out eligibles Friday.

Lloyd George to Fight. Meanwhile Mr. Lloyd George, bereft of his rank as premier but still giving evidence of retaining to the full the indomitable courage and fighting spirit which have characterized his early years, was making his way along the first stage of his "trek" into the wilderness with those of his comrades who had remained faithful to his leadership. It was equally certain that he would prove to be a difficult opponent in the coming battles, as there are admittedly few men in the country who possess such mastery of the art of politics as he.

Parties Marshal Forces. Unionists, liberals and laborites alike were conferring and working out an emergency plan to solve the problem confronting them. Former Premier Asquith, who was in the country when he heard of the collapse of Lloyd George's government, was expected to arrive this morning and asked his colleagues as to what line the liberals should adopt.

Orator for Welcoming. Mr. Lloyd George received one of the most remarkable ovations, never witnessed in the capital, Friday afternoon when he arose to propose the health of the Prince of Wales, who was guest of the corporation of the city at luncheon. For several minutes he was unable to get his voice and he was visibly affected. In his remarks he avoided reference to the political situation.

GERMANY PERTURBED OVER CABINET CHANGE

Berlin.—The resignation of Premier Lloyd George and the British cabinet was received in Germany with a feeling of perturbation in political circles here. Further developments are awaited with anxiety. An impression voiced by the Lokal Anzeiger was that the resignation means a fresh triumph for Poincare. Paris will rejoice to be rid of him and numerous experiences have taught us that when Poincare leaves Berlin has no ground for grief.

MURDER SUSPECT HAD DOLL MANIA

Old Friends Testify in Case of Girl Accused of Killing "Twins."

[BY ASSOCIATED PRESS.] Hammond, Ind.—Two Chicago women, who knew her as a child, Friday went to the defense of Mrs. Hazel McNally, accused by her husband of killing the twin babies he says were born to her last December.

Fazel Hill, the name by which Mrs. McNally was known as a child, possessed a mania for "playing mother," according to Mrs. G. A. Kahne, whose daughter, Rheta, was a playmate of Hazel's. At 15 the mania became so pronounced that the girl actually fooled her closest friends. Mrs. Kahne said; made them believe she was to become a mother, and later appeared with "twins" which she had made out of tin.

Another witness, waiting to tell of Mrs. McNally's pronounced "mother instinct" was Mrs. C. Azzato, a girlhood chum, whose story was similar to Mrs. Kahne's. The child "mother" always explained the disappearance of her "babies" by saying they were in a hospital. Mrs. Azzato said.

Three Cargoes of Hard Coal Coming to Badger Ports

[BY ASSOCIATED PRESS.] Madison.—Three cargoes of hard coal have started on their way to Wisconsin ports, the Pennsylvania fuel commission Friday advised the Wisconsin fuel committee. One ship is destined for New York and another to Green Bay and the third to Sheboygan.

Arrival of small cargoes of anthracite is relieving the shortage for the present, the state coal committee says.

The shipment will have to be speeded up to prevent an acute situation during the winter months, it advises.

BORN SLAVE, 1816; DIES IN ILLINOIS

Quincy, Ill.—Forty-four years of slavery and 62 years of freedom was the life record of "Aunt Jenny" Dandridge, colored woman, who died today at the age of 106. "Aunt Jenny" was noted for her piety and her happy outlook on life, was born into slavery in Alabama county, Virginia, in 1816, and was later taken to Illinois by her master. She came to Illinois when she was freed during the Civil war. "Aunt Jenny" outlived all but one of her 12 children.

8 Miners Killed in Gas Explosion; More Badly Hurt

[BY ASSOCIATED PRESS.] McCurtain, Okla.—Eight men were killed and four were badly injured in an explosion of gas in the Progressive Coal company's mine, a mile and a half north of McCurtain, Friday morning.

The dead: Ed Taylor, Burt Strouse, Clarence Greenwald, John Brasser, Bob Edwards, Walter Sanders, Everett Steaton.

The injured: Job Wallace, Roy Caldwell, Claude Everett, and Joe Copenberger.

The injured were badly burned. Physicians say they are in a serious condition.

"MOON" BLAMED FOR BELOIT SUICIDE

Body of August Carlson, Bachelor, Found in River—No Inquest.

Believed to have been driven to suicide by the effect of "moonshine" on his heart, the body of August Carlson, 40, bachelor, 604 Tower street, Beloit, was found in Rock river near the "S" bridge at Beloit at 6 a. m. Friday. Removed to Mechanic and Hotel rooms. His lungs were found to contain little water.

Investigating. Coroner Lynn Whaley, Janesville, said that the man either jumped or fell from the dam a little above where his body was found and that the shock caused heart failure, resulting in death. He pronounced it a case of suicide and said an inquest would not be necessary.

Carlson lived alone in his home on Tower street and kept it scrupulously clean and orderly. He had purchased new winter clothes, had a bank account and considerable jewelry. He had been employed by the Beloit Water, Gas and Electric company but had not worked for the past two weeks. Neighbors, according to Mr. Whaley, said Carlson had been drinking incessantly during the past week. He was advised to purge up and not to touch liquor, believed to have been "moonshine." He had during the past two days partly but had complained of his heart failing him. His watch had stopped at 8 o'clock, indicating the time he had met death.

He is not known to have any relatives. The body is at Mechanic's undertaking rooms with no arrangements made for the funeral.

Honor Americans at Tokio Dinner

[BY ASSOCIATED PRESS.] Tokio.—Charles B. Warren, American ambassador, was a host at a dinner Friday given for Premier Kato. Frank B. Noyes, Washington, D. C. president of the Associated Press, and Mrs. Noyes, who are touring the Far East, also were honored guests. Many prominent figures in the capital, including members of the cabinet, were present. Friday Mr. Noyes met the newspaper men of Tokyo at a luncheon given for him by the directors of the Kokusai News Agency. On Saturday the president of the Associated Press will be presented to Crown Prince Hirohito and afterwards he and Mrs. Noyes will be presented to the empress.

STOVEPIPE RADIO CATCHES MUSIC, IS CLAIM IN ASHLAND

[BY ASSOCIATED PRESS.] Ashland, Wis.—Nordquist reports he has been getting strains of music from an ordinary stove pipe, which connects with his room. The chimney from which the music comes is of brick, with the lining of tin. The chimney is so arranged that a stove can be set up in two different rooms and there is a tin over the hole in one room.

Mr. Nordquist, upon hearing the music for the first time, removed the tin. The music ceased and started up again when the tin was replaced.

Some of the music was very plain while at other times it was hardly recognizable. Piano music was received, but the violin music was the plainest. He claims he also heard a voice say, "The next number will be..."

CORRUPTION SEEN IN FEDERAL OFFICE

Reorganization in U. S. Attorney's Department in Chicago Demanded.

[BY ASSOCIATED PRESS.] Chicago.—Charges against the conduct of the offices of the U. S. district attorney at Chicago were found well founded by Edgar B. Tolman and John R. Montgomery, representing the Illinois and Chicago Bar associations, in a report to U. S. Attorney General Daugherty, made public Friday.

Responsibility for unsatisfactory conditions in the office was not charged, against District Attorney C. F. Glynn, the incumbent, personally, but the investigators recommended reorganization of the office; appointment of a special prosecutor to dispose promptly of pending cases; that the district attorney be made responsible for the selection of his assistants and their subsequent conduct, declaring there can be no enforcement of the law until the district attorney is "entirely freed from the possibility of political control."

MAN HURT WHEN CAR TURNS OVER

C. C. Webb in Hospital with Broken Ribs Result of Crash on Beloit Road.

A collision between his automobile and one driven by C. C. Paschen, 524 Ninth street, Beloit, put C. C. Webb, Janesville salesman, of 513 South Academy street, in Mercy hospital with two cracked ribs and possible internal injuries.

Both machines were badly damaged in the smashup, which occurred on the Beloit road almost in front of the district schoolhouse near Yost's park at 4:50 Thursday night. Webb's touring car, which was driving toward Janesville, smashed into the Paschen touring car going toward Beloit, ripped the fenders and running board off the latter and then turned over on its side in the ditch, pinning Webb underneath.

Webb was taken to a nearby farmhouse and brought to Mercy hospital, Janesville, in the Whaley ambulance. Dr. Frank Van Kildie attended the man and could find no other injuries than those to two ribs on the right side. His escape was considered miraculous.

Mr. Paschen gave his version of the accident as follows: "With my wife, daughter and a friend and two children, I was driving the car home from Janesville about 5 o'clock and noticed the Ford being driven as though by an insane man, from one side of the road to the other. It passed a highway truck which it nearly struck and struck the left side of my car, ripping the fenders and running board off and going into the ditch after it passed me. When the car struck me the driver was looking in the opposite direction over his right shoulder. The wheels on the right hand side of my car were off the concrete when struck. Both cars were traveling about 18 miles an hour."

The accident was witnessed by W. H. Hulse, Ed. Johnson and Martin Sprecher, Attn. of the county highway commission, force, Mr. Paschen said.

Mr. Webb does not admit responsibility for the accident.

ROADMAKERS FIND GRAVES OF INDIANS

[BY ASSOCIATED PRESS.] Hayward, Wis.—While building a road into the Moosicau resort on Coudery lake, workmen have unearthed numerous Indian graves. One of the skeletons was in a sitting position. Many Indian arrows and other trophies were found. Later when E. L. Harmon, manager of the local telephone company, was installing a line at the resort, the line had to be rearranged because Indian graves obstructed placing of the poles.

TEXAN ELECTED TO HEAD VETERANS BY HEAVY MAJORITY

VICTORIOUS CANDIDATE LIFTED ON SHOULDERS OF BUDDIES.

IS WELL KNOWN

New Commander Headed Americanization Commission of Former Soldiers.

[BY ASSOCIATED PRESS.] New Orleans.—Alvin M. Owsley of Texas under election as national commander of the American Legion at the close of its fourth annual convention here Friday. The vote was overwhelming.

Owsley was carried on the shoulders of Texas legionnaires to a place on the platform beside the retiring commander, MacNider, who grasped his hand and then turned to the assembly. The Texas band broke loose.

While MacNider jerked the gong violently, "Bill" Deegan of New York led in the capitulation of defeated candidates and moved the vote to be unanimous. The vote was announced as follows:

A. F. Owsley, Texas, 574; William F. Deegan, New York, 251; J. H. Thompson, Pennsylvania, 205.

Four Great Objects.

Mr. Owsley was introduced by Commander MacNider.

"Please accept my heartfelt gratitude," he said, "for the greatest honor that could come to one who served in the World War."

Owsley pledged to America, he continued, "in the World War, that we were her defenders. We must now pledge even greater service. There are four great principles on which we rest—hospitalization, rehabilitation, adjusted compensation and Americanization."

"I pledge the best energies of my manhood and my sacred honor."

Five national vice commanders were elected as follows: E. J. Barrett, Sheboygan, Wis.; R. S. Wood, Concord, N. H.; C. P. Plummer, Casper, Wyo.; Earl Cooke, Macon, Ga.; and Watson B. Miller, Washington, D. C.

Gained Distinction. Alvin M. Owsley, newly elected commander of the American Legion, commission, when barely 30 years old, had gained distinction as a soldier and statesman in the Lone Star state. He resigned a position as district attorney to attend the first training camp open to volunteers and was assigned as a major of infantry in the 38th division. In this capacity, he recruited his own battalion and a large portion of the division in northern Texas.

After serving as division insurance officer and senior instructor of the officers' training school at Camp Bowie, Mr. Owsley went overseas with his division. He was made adjutant of the division and took part in two major engagements—in Champagne and the Argonne.

After the armistice, Mr. Owsley went to London, where he attended the courts of law and studied English procedure.

Farm Swept by Big Fire

[SPECIAL TO THE GAZETTE.] Whitewater.—A disastrous fire, shortly after noon Friday, laid waste the farm buildings on the Henry Ridge farm, two and a half miles southeast of Whitewater. Two large barns, 60 tons of hay, 1,500 bushels of oats, two blooded calves, implement house with plows, four cultivators and other tools, a milk house, garage and two silos were reduced to ashes. The origin is unknown. It is believed to have been started by a piece of machinery caught in a fire from friction from a corn shredder. A wind which blew the flames in the opposite direction was all that saved the home.

The chemical apparatus of the Whitewater fire department assisted in fighting the fire. The Ridge farm is but a mile and a half from the Oliver-Channing place, where barns were destroyed by a fire a week ago Sunday.

Two Perish When Cottage Is Burned

WAUKESHA COUNTY GOOD ADVERTISER

Outstanding Dairy County Because of Development Program.

BY LEWIS C. FRENCH
Waukesha county is an outstanding example of success through county cooperation on dairy development. Despite the fact Waukesha is not an accredited county and there are several other counties, Jefferson, one, that can trim the sides of Waukesha in the dairy show ring, this eastern county is probably better known as a dairy center than any other Wisconsin county. During its long history, business and the Holstein cow their greatest industrial factory—and they are not slow in telling the world about it. Waukesha is a nationally known dairy county because of their dairy development, persistent and regular in their propaganda program.

Holsteins have been highly developed in this county through a breed organization that has few equals. They had a broad vision of building up a county organization that would obtain real business and develop local herds. And now Waukesha has got both.

Testimony Program
It is a matter of record that one-third of the official testimony done in Wisconsin has been done in Waukesha county. They go after the record books, especially the yearly records.

For the last five years Waukesha has been at the state and national dairy shows and they have not lost a clean sweep of blue ribbons, but this year and every other year they have been consistent winners with Holsteins.

Most of the cattle sold now is through the county association and they have a secretary who knows every hoof in the county and every breeder. They sell on a basis of still conditions and invite repeated orders and cattle are sold without a "quibble," backed by the association. If a deal is not right—they make it right. In other words, cattle selling in Waukesha is a highly developed community business and as a result you cannot mention Wisconsin in any place where there are dairy interests—without the name of Waukesha.

Police of County
An article in the Holstein-Friesian World declares that Waukesha has advanced to the present high mark in the dairy world through the policies of: 1—Safeguarding the health of the herds; 2—Testing cows for production; 3—Keeping high records; 4—Showing the best and exporting. Such policies have made a national name for Waukesha county and has produced splendid results for the farmers in the county.

"Rock county has every natural advantage," stated one university worker, well known to this section in soil development work. "No other county has your soils and it is a deplorable fact that some of the prairie lands have been allowed to be cropped out."

Natural Advantages
"In raising livestock good producing land is necessary and Rock county has that land beyond a question. The poor land you do have can be refitted to its old standard. My observation is that Rock county has as good livestock as there is in the state but it is scattered. It has the soil and the hay and the water. No county has the natural advantages, good soil, drainage, closeness of the terminal markets. It is a mistake of many farmers not to raise better livestock in a county wide development program. You are leaders in soil development and you should be nationally known as a producer of the best cattle, sheep, swine and horses in America. Two day or the scrub stock is past, as are the days of cropping out land with grain."

Instances were pointed out of prairie land that once was capable of yielding from 75 to 80 bushels of corn to the acre. Now from 15 to 20 bushels of poor corn is the yield, due to utter neglect in rebuilding the soil. Farmers cannot forever take out of even Rock county prairie soil and put nothing back in for future crops and still have good land. Likewise the county cannot hope to keep to the front with rapid livestock without a progressive county development program.

\$90,000 Loss on 1922 Fair; Need Buildings

An audit made by the state department of agriculture shows that the 1922 Wisconsin state fair was run at a loss of \$90,000. The receipts aggregated about \$150,000 while the disbursements were more than \$240,000. The last legislature appropriated \$230,000 for the fair.

The great need of the state fair is additional stock pens, especially cattle and swine buildings. Nearly one-half of the cattle entered in 1922 were housed in tents, unsatisfactory to both the owner and fair officials. More animals would be shown at the fair providing owners were assured of the best of proper care and space. Erection of a sheep barn and giving over the space in the present building to swine alone would solve one problem. Building of another cattle barn for the best breeds and leaving the present barn for dairy breeds is recommended for improving the situation at West Allis.

Obtain Exhibits For Markets Show

Milwaukee.—A representative exhibit of the dairy farm and the dairy as well as a comprehensive educational exhibit, is now assured for the Wisconsin Products Exposition to be held in Milwaukee, Dec. 11 to 19, according to Chairman E. G. Foster of the executive committee, deputy state commissioner of markets.

Many of the largest agricultural and manufacturing groups in the state have been assigned space at the exposition.

It was said that all of the big manufacturing lines of Milwaukee will be represented.

To Harvest 50,000 Bushels of "Spuds"

Three Lakes, Wis.—Sunset farm, 200 acres near Clearwater Lake in Oneida county will harvest in the neighborhood of 50,000 bushels of certified potatoes of the Collier and Triumph varieties. This is one of the largest certified potato tracts in the world and for many years at state and other fairs shows its products has won first honors among hundreds of competitive growers.

Harvesting of the annual crop of certified potatoes on the "Madeline" estate, near Eagle River, has been finished. From the fifty acres there was a yield of 10,830 bushels of certified potatoes. A few years ago this farm was a hardwood forest.

EDGERTON CAN'T CHANGE VOTE HOURS

Edgerton must continue to keep its polls open from 6 a. m. to 8 p. m. on election days, in an opinion rendered by District Attorney S. C. Dunlap by R. M. Hoyt, deputy attorney general, Thursday. Edgerton had sought to return to the old plan of 9 a. m. to 6 p. m. but the attorney general's office ruled that the statutes provide no means for bringing voting hours back to their original basis once they are changed, as was the case in the Tobacco city. The plan must stand until the legislature makes provision for shortening the hours, it was held. The voting hours in cities of less than 5,000 are 9 to 5:30 but Edgerton lengthened the time several years ago.

prices. They were not greatly concerned about cost, because the public paid the bills. This attitude resulted in chronic mismanagement, and they had no part in what they regarded as sentimental movement for amelioration. Miners were exploited through overwork and underpay, through country stores and oppressive regulations, through inadequate safeguards and accidents, which took the form of holocausts, through bad sanitation and bad housing, and through long and unnecessary periods of enforced idleness.

Capital in Capacity
"The minor had no capital except his capacity to labor. His situation was such that he was obliged to accept whatever terms and working conditions were offered him. His liberty to quit work and go elsewhere if not satisfied with his employer's was purely mythical and mockery. He could not even get in touch with the superintendent to talk over his grievances. If by some fortuity he did so and contended too long and too strenuously, he was discharged as an American citizen. It was likely his place was taken by a foreign immigrant. As an individual he was helpless for the best of his life. His only remedy appeared to be to federate with others, and take such drastic action as would exert from his employer some measure of relief from conditions which could not be endured."

The Kansas court of industrial relations in an attempt to get justice for the workman in his relations with the employer and the law is powerless enough to make the employer obey, too. Then why is labor hostile? Mostly because the teachers have implanted a belief that the Kansas court will not do what it says it will.

Given in Court
It is true that 90 per cent of the cases before the Kansas court of industrial relations have been brought by employees and that out of 45 cases 12 have been accepted without further argument, though there are no court costs for employer or employee in appealing the case to the supreme court of the state.

The rank and file of labor is in a receptive mood. Champions of the industrial court have found attentive audiences of working men ready to hear the true objectives of the new law. The labor leaders have a natural fear that if the Kansas court can represent the cause of the working man equitably there will be no further need for them. This court does not.

take cognizance of disputes in most non-union industries and there always has been and always will be need for spokesmen to argue the cause of organized labor, and conduct negotiations for large groups of workers.

Public Protection
The new law simply says that inasmuch as public utilities had to be regulated by commissions and boards in order that the public might not be gouged on such necessities as heat, light and power, so also must the public be protected by state industrial boards or commissions, for the Kansas court is really an administrative commission and judicial tribunal combined in order that there may be continuous production of the necessities of life.

Public utilities commissions have been created by practically all the states of the union. Industrial boards have been provided by several states. The Kansas pattern is being studied from coast to coast.

Collective Bargaining
"The Kansas supreme court," says the Kansas supreme court, "is bargaining by an organization or group of workmen on behalf of its members with the employer. That privilege is not only protected, but may be exercised to the extent of altering orders of the court of industrial relations. What the defendants (the labor leaders) contend for is license to injure the public."

Where Controversy Comes
In that last sentence may be read the whole point of the controversy. Labor contends it has no intention of injuring the public any more, to be sure, than has the employer whose attitude may bring a deadlock in a negotiation. The intent of both is to drive a bargain favorable to themselves. They each admit this as an incident to their bargain. The public may be harmed. Labor considers its vast number of workers a part of the public and feels that tollers must protect themselves from starvation. Again the Kansas court would step in, and say there is no intention of permitting labor to starve. In fact the state law provides that labor must be paid "a fair and just wage."

To Trust Court
If labor would learn to trust the Kansas court and its staff in time, as the decisions multiply and the law is better understood, there will be no reason for hostility. Labor's attitude is merely one of distrust because of its and experience in collective bargaining and because of a fear that when once the power of the unions

disintegrates the Kansas court will not be as ready to champion labor's cause and force unrelenting employers to pay fair and just wages as would be the case if the state supreme court were available. The answer is that there are remedies for one-sided courts and that whatever may be the fault of the personnel of future courts of industrial relations, the state supreme court always will have the power to review.

Labor has more to gain than lose by taking the Kansas court idea on faith. Many employers of the ultra-conservative school are far more likely to be found fighting the national application of the Kansas idea when the national debate begins.

(The attitude of the industrial court in Kansas toward the employers in Kansas will be covered in Saturday's dispatch.)

Quick Oats

Instant Quaker Oats

The quickest cooking oats in the world

Quaker Oats now come in two styles, the *Instant* and the regular. *Instant Quaker* cooks in 3 to 5 minutes. It is the quickest cooking oats in the world.

The two styles are identical in quality and flavor. Both are flaked from queen grains only—just the rich, plump, luscious oats. But have that lusciousness which has won the world to Quaker.

But *Instant Quaker* the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. If you want the *Instant* look for "Instant" on the label. These oats will cook perfectly in 3 to 5 minutes.

Parent-Teacher Groups to Solicit for Red Cross

Plans for hearty cooperation in the Red Cross drive next week. Parent-Teacher associations of the city were outlined at a meeting in the high school, Thursday afternoon. Lee R. Bennett, director of the city driver, contained that the reception of Miss Alice Glenn as Red Cross school nurse depends on the amount of money raised by Janesville. The Parent-Teacher association leaders present were unanimous in expressions of appreciation for the efficient work of Miss Glenn in behalf of the public and municipal schools. Each association will be responsible for the house to house soliciting in its respective district and it is hoped members will respond readily when called upon by the president of their Parent-Teacher association.

Children's Book Week Plans

Another important project considered was a plan for observance of children's book week. November 12-18, Miss Agnes Grant, president of the council, presented a communication regarding book films recommended by the better films committee of the National Board of Education. The council agreed to cooperate with local theater managers in this connection. Mrs. Glen Snyder and Mrs. R. C. Hartman being named as a committee to confer with the managers.

Mrs. Florence Hyde explained the aims of the Gazette's community department and announced that this department would cooperate with the Parent-Teacher associations and the public library in promoting the observance of children's book week. The committee named to plan for a general observance by book stores, schools and different organizations are as follows: Mesdames A. R. Glancy, E. E. Bond and John Fitzgerald.

The Gazette Good Times club was also explained as an organization that will interest and benefit boys and girls whether living in the city or rural districts. Any boy or girl may join this club by filling out the coupon printed in the week-end Gazette. Projects of interest to boys and girls will be announced from time to time.

Announce Health Week Program

Announcement was made by Miss Grant of the two meetings to be held during Good Health week under the auspices of the Parent-Teacher councils. A different program will be given at each meeting but in order that all mothers may have at least one meeting within reach, one will be held on Tuesday at St. Patrick's hall and the other Thursday at the Myers theater. A speaker from the state

board of health will give a lecture and present a two reel film at each meeting. Meetings will begin at 4:15 and no school children will be admitted at either meeting as the same films are to be presented for children in the Apollo theater Wednesday at 4:15.

LITTLE CHANGE IN HIGHWAY DETOURS

State Trunk Roads Practically Same as Last Week, Says Review.

Milwaukee.—Detours on the various highways have remained practically the same the past week, the Milwaukee Journal's department week-end review says.

Highway 35 to Lake Geneva is still closed and 36-C-29-36 is the best combination to that point. The detour on highway 50 around New Munster still remains.

Highway 41 west of the Waubesa is closed and there is also a detour on the same route between Sullivan and Jefferson.

The bus route to Madison and the Dells is 19-12. Highway 137 from Portland to Columbus is under construction as is 26 north out of Watertown and 25 over to Columbus.

Highway 17 to Sturgeon Bay has a short detour just out of Two Rivers.

This is well marked and easily travelable.

Highway 17 to Sturgeon Bay has a detour. The best route to St. Paul and Minneapolis is 15-47-16-11-12.

BISHOP BURNS IN PLEA FOR FUNDS

Seek to Make Up Two Million Deficit Pledged to Centenary Fund

P. C. Edwards, Fort Atkinson, was re-elected chairman of the centenary fund of the Southern Wisconsin district of the Methodist church at the annual meeting at the Carroll hotel, here, Thursday. The fund was organized to raise \$2,000,000 to cover the \$2,000,000 deficit in the centenary fund pledged three years ago. Other members of the fund are: C. L. Hubbs, Otto Mills, treasurer, and E. P. Hoelting, Janesville, secretary. District trustees are the officers, and J. W. Cowan, Whitewater, and E. W. Willey, Sharon.

Bishop in Stirring Plea

The dinner meeting at noon, addressed by Bishop Burns at the hotel, was attended by 250 from all over Southern Wisconsin. It was the largest audience which has attended Bishop Burns' meetings in the St. Paul area. He made a brilliant appeal for the support of the centenary fund, and the necessity of raising the \$2,000,000 before Oct. 31, so that the centenary fund of the Methodist church, both at home and abroad, will not be curtailed. He cited the present day as the most wonderful opportunity for missionary work in the history of the world. Bishop Burns complimented the district on having as fine a superintendent as there is in the area. Fred Turner and the local church upon its own minister, the Rev. J. P. Jenkins, secretary of the St. Paul area, further support of clearing up the deficit and making up the \$2,000,000.

Aged Minister Present

There were a large number of ministers present. Among these was the Rev. Samuel W. Lutz, retired, of Whitewater, the oldest Methodist minister in the district. Although past 80 years, Mr. Lutz still takes an active part in church affairs and has had the pleasure on two occasions within the past year of helping celebrate the golden anniversaries of churches he established.

Judge Stevens Is Renamed Head of Historical Body

Madison—Judge E. Ray Stevens of the Dane county circuit court was re-elected president of the State Historical society of Wisconsin at its annual meeting here.

Vice presidents elected are: H. E. Cole, Baraboo; Bishop S. G. Madner, Milwaukee; L. L. Sanford, La Crosse; Lucian S. Henks, Madison, was chosen treasurer.

H. S. Butler, Superior, was chosen curator of the state to succeed the late Robert G. Siebeck, Madison, and Mrs. Leslie Wilson, Chippewa Falls, and Judge Franz Buehler were elected to fill the unexpired terms of the late Judge John T. Thompson, Monroe, and Col. J. A. Watrous, Milwaukee.

The society voted to accept the Mills-Holmes gift of \$50,000. It referred the controversy of the Lyman C. Draper, held by Wisconsin, to the state's advisory committee. The state of Tennessee is contesting Wisconsin's claim to the documents.

Rotarians Give Boys Gay Frolic at Fair Grounds

Rotarians, carrying out their program of boys' work, one of the biggest projects of the club, entertained 100 SA and Senior A boys at the fair grounds, Thursday afternoon.

Divided into A, B, C, and D groups, games were played in charge of A. C. Preston.

Cage ball was played with the A's and B's against the C's and D's. A tie of war was played between the C's and D's and another between the others, resulted in the A's and the C's coming out ahead. When these two teams met, the A's were victorious.

Following the games, the boys were given a picnic at the expense of the older men who found it difficult to lean over with the head down as far as was necessary to escape the blows these wild youngsters.

The boys then went to their huge campfires, each presided over by two Rotarians. They were L. A. Markham and J. M. Decker, and Maurice Weirick, E. H. E. Loveloy and Sept. P. O. Holt, C. and J. A. Steiner and the Rev. Dean J. F. Ryan. Here still more games were played, among them football and basketball. Many of these were unfamiliar to the men, who suffered consequently at the hands of experts in swiftness. Hot beef and rolls were passed out by John Seifert and Ed Blackley. At each fire was a pot of coffee and some doughnuts.

After a few more games, a Rotarian talked for a while to the boys, telling them the object of the association and urging boys "on to school," the SA's to high school, seniors to college. Among those who spoke were Judge Charles Griffith, V. E. Richardson, the Rev. Mr. McIlroy, the Rev. Dean, George Parker, and M. O. Mout.

Mr. Dorrans and Mr. Markham made arrangements for the affair.

Mr. Clough has arranged some novel stunts and the usual Halloween pranks. Hot a basket of apples has been secured for "bobbing." Tickets were given out because of the limited space.

CHILD OF 15 HAS SLEEPING SICKNESS

Unusual Case Discovered by Noted Chicago Doctor During Clinic Here.

Esther Marsh, aged 15, is suffering from sleeping sickness, a case which is unusual in Janesville in the past two years.

The girl is the daughter of William J. Marsh, 302 Center avenue.

Diagnosis was made Thursday by Dr. Charles L. Mills, widely known specialist of the Mercy and Michael hospitals, Chicago, during the clinic here at Mercy hospital.

Local physicians have been puzzled by the child's illness. Some said it was nervous, others termed it infantile paralysis. After tracing the history of the case and its symptoms, information furnished by Dr. G. G. Smith, who is attending the girl, Dr. Mills was emphatic in recognizing it as transverse myelitis. He bas his decision upon his study and treatment of 12 cases.

Esther has been ill six weeks. At first she had a little headache. Then her parents noticed her feet bothered her in walking, but only in spells. This was followed by a weakness in her hands and she could not write or hold anything, necessitating taking care of her school.

For the next two weeks she gradually got worse and paralysis set in on her right side until she lost use of her arm and leg. As the strange case progressed, she was much better for the next two weeks.

Suddenly, says Dr. Waule, paralysis set in on the left side of her face. In the last few days her speech has been affected and she has been unable to say yet whether the girl will recover.

"The strange thing about the case," said Dr. Waule, "is that she has never had a period of fever or any other case of sleeping sickness. In the other case I had, there was no paralysis."

Esther sleeps naturally. She does not wake up at night. Her girl at 4 o'clock Friday morning at Mercy hospital. He had been ill several weeks. His body was removed to Whaley's undertaking rooms and was taken to Sharon for burial.

MON DAY AGAIN FIRST WITH CORN

Now Enters Competition With
Winners from Other Clubs
of County.

Orton Day, Route 4, Brodhead, winner of the county corn contest at year, is again in line for first place, having won first place in the Janesville contest, decided Thursday afternoon. He will now enter his corn to compete with others of the county, the winner to be decided in December, when all the books are completed.

Day, by winning the local prize, won the \$5 offered by the Bank of Southern Wisconsin, where the contest was judged. W. A. McNeill, Madison, went over the samples and made the decision. Harry Sarow, Janesville, Rte. 6 won the second prize and \$3 and Lester Richardson, Milton Jct., Rte. 13, the third and \$2. Victor McKune, Janesville, Rte. 12, was the other competitor.

Contests have now closed in all points of the county with the judging Thursday morning in Beloit and Clinton. Prize winners in order of Beloit were Albert Popanz, Clair and Oscar Van Sickle and Benjamin Du-

sicker. Prizes were awarded by the Beloit State bank.

Two Clinton banks united in prizes for that place, awarded to Marlon

"ROBIN HOOD" IN WARM RECEPTION; PLEASES AUDIENCE

Ghosts wandered about the Myers theater Thursday night. They were friendly and happy and approving. They were in the public square at Nottingham. In the mimic Sherwood Forest, in the fire in the Armorer's forge. They were the spirits of the old Jockomans, that famous musical organization, which long ago held the boards at the Myers theater and who afterward, 32 years ago, added fame to Nottingham, by playing and singing the light opera, Robin Hood, to the de-

light of several hundred thousand people. And the ghostly band May Valentine's company sang the score again and passed high approval. If anyone asked you how long ago "O Promise Me" was sung you would say readily that it is something your great grandmother hummed. But it is only 32 years old. Robin Hood has stood alone for three decades as the most popular light opera by an American composer. Others by De Koven have been forgotten but Robin Hood lives. Critical theater goers are sometimes suspicious of a traveling organization that comes to Janesville. It was not always so. When we had 20 years of the best on the American stage offered here. But Robin Hood came and sang and has gone and a large audience was keenly appreciative. Few had ever heard the Bostonians, few had heard Jesse Barthett Davis, as Maid Marian, or seen Henry C. Barrabee as the sheriff of Nottingham, and there were no outside comparisons. Bertram Coltrane as the sheriff and Herbert MacClelland as Friar Tuck furnished the comedy. In the tinkler song the sheriff and his chorus was entirely to

the liking of the audience. But William Hogan as Will Scarlet, was a revelation with a bass of extraordinary power and mellowness. He was repeatedly cheered for the "It Takes Nine Tailors" and the "Armorer's Song."

It was a most excellently balanced company. E. P. Richardson sang "Brown October Ale" to the expressed pleasure of the audience; Emma Jean Arnt "O Promise Me" and every chorus was good. In fact the chorus was in keeping with the rest of the company, good to look at, dressed in attractive costumes, new and striking and showing none of the usual signs of long service so general with the average traveling company. Miss

Janeville was once a great show town. All the best of 'em came here. We are coming back into our own. More Robin Hoods will be appreciated. If May Valentine ever comes back to Janesville she can borrow money on the prospect of a packed house. Thursday night the Myers gave evidence that the public was wanting something which it received—a fine show.

Blues Crippled for Monroe-Important Games Saturday

HEAVY SCORING TEACHES LOCALS TO EXPECT FIGHT

In an effort to be in shape to engage the strong Monroe high school team in the town on the Mineral Point division Saturday afternoon, Janesville high school went through more than two hours of severe practice Thursday. Friday will be devoted to light work.

Eleven in Crippled
Two cripples were added to the list by Thursday's heavy program. The first scrimmage of the week, Joe Loney, kicker of the Blue squad, was forced out of practice toward the close of the afternoon with a game knee. Nightengale, busy guard, hurt a finger. Auld, end, has been out for more than a week with a bum leg. In addition, John Young's ankle is still weak.

Coaches Alton and Warfield sent the team against the regulars in a 20-minute battle Thursday. The second, under Assistant Coach Schutte, used Monroe plays. Although the first squad scored two touchdowns and a kick before the game, after the afternoon, they had a mighty stiff time of it.

Second Show Well
The second made costly gains, at one time marching the first down the field to within grave danger of their goal. Several of the Monroe plays played havoc with the regulars. A couple of wide end puns and some passing got through.

The boys are in fighting frame. They realize Monroe is not going to be an easy proposition. Considerable bleeding and punting practice was indulged in Thursday.

Gibson to Play With Heavy Mask Protecting Face

Madison-Indiana reached Madison Friday ready for its first football game with the University of Wisconsin in 12 years. To be fought out at Camp Randall Saturday. The Hoosier squad is reported in the best of condition, prepared to carry a strong attack against the Badgers.

The strongest backfield Wisconsin has had in 12 years will be in the line. Captain Red Williams is to make his debut in top form, while Gibson, although injured, will be at the other halfback position with a copper mask protecting his face.

At the final scrimmage Thursday night Coach Richards directed his attention to the line, which has shown marked weakness. What players will make up the forward wall when the team gets into action is not known.

Indiana has a heavy, and strong line that will give Wisconsin a tough test. This fact is causing some concern, although the Badgers believe that they can easily defeat their opponents.

RENAME PAT MORAN CINCINNATI PILOT

Cincinnati-Patrick J. Moran will manage the Cincinnati National league baseball again next year. This was announced at a meeting of the directors of the club at which it was voted unanimously to re-engage the veteran leader. His salary is understood to be the same as that received in 1922.

Busy Man's Sport Page

By FRANK SINCLAIR
THREE cheers, and double them up for the Kiwanis club—its decision to take the entire first team of Janesville high school to the Wisconsin homecoming game with Illinois, Nov. 14, is a great scheme coming from a great club. Football for football players is an excellent idea.

THE TRIP will give the boys an opportunity to see a great Badger team in action. They will have a chance to see the gridiron game played by stars. They will breathe the spirit of what it means to be a football player. They will get a snatch of school loyalty. They will come home energized and ready to fight harder for their own school. It will put them up for the Beloit game the week following.

JANESVILLE high has four games before now and the occasion of the journey. What will Thursday's announcement do in the meantime? It will cause the boys on the Blue squad to fight with more power than ever to retain their places on the eleven. It will be an honor to be one of those to each lead to show the best that is in him before he becomes a recipient of a ticket.

COACH WARFIELD of the local team is grateful. He stated with much emphasis that it is one of the best things the school could do. Other officials at the "great" institution are of the same mind.

THE KIWANIS plan to take care of 15 boys. Each lad will be transported to Madison, either by auto or by train. Each member of the club has been assessed a dollar to put the plan over. And when the Kiwanis club starts a thing it puts the best finish possible to it.

Beloit Pairs quit state pro title series with four games yet to play, pleading season was over Oct. 15.

R. L. Gerry's colt Ruddy wins Rainbow stakes at New York.

Hot Out the Children—Indiana on way to Madison. The all-American team is watching from the sidelines. Northwestern sending heavier team against Minnesota than usual. Last week, but one having less experience. Purple plays entirely. Minnesota scrubs scored several touchdowns on Minnesota varsity. Purdue pays visit to Chicago. Saturday, without services of Captain Agnew. Everett and Stewart. Maroon line shows exceptional speed in practice against freshmen. Young, left tackle of Ohio State, lower the Badgers' hopes against Michigan in stadium dedication battle which will be attended by 75,000. After a drill in defensive tactics, Yost refused to give out Michigan's lineup and strategy before leaving for Urbana. Harvard rules 3 to 2 favorite over Center in their second annual tilt at Cambridge. Although some deplorable figure the little college from the south will repeat their win of a year ago.

"Jumbo" Stehm, grid coach at Indiana, able to sit up after serious operation.

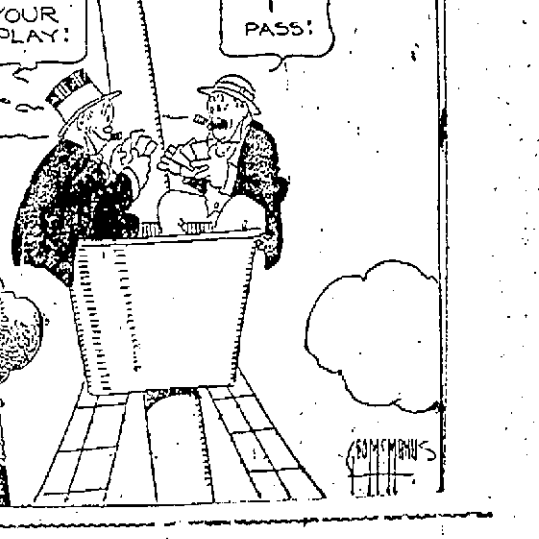

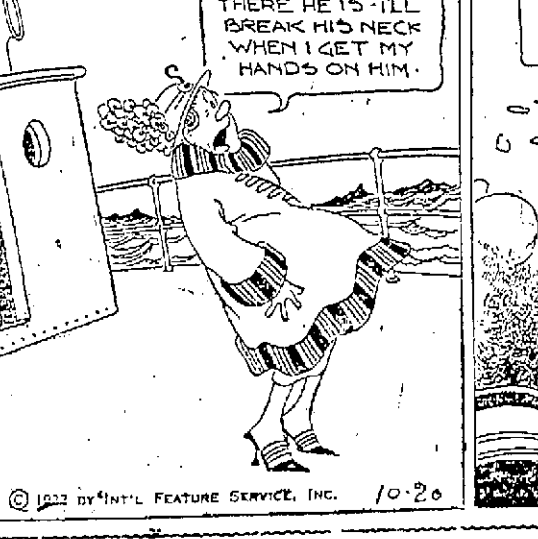

Dominic DeVito beats Jimmy Smith six out of seven pin games.

Serene About Scrappers—Sammy Manóoli, Rockford, to meet Jack Wolfe, Cleveland at Kenosha, Oct. 20. Wolfe being recognized by N. Y. commission as junior lightweight champion. Francis Villa, flyweight champion, matched to defend title against Abe Goldstein at New York, Nov. 16. Proposed fight between Battling Siki and Kid Norfolk called off. Pat Stone, Memphis and Harold Smith, Chicago, meet at Aurora, Nov. 10. Jess Willard announces he wants to battle Siki.

Veteran Frank Kramer to officiate at Chicago six-day bike race.

Steve League Kintling—Mike Kelley, manager of peanar winning St. Paul team of American association, considering offer to pilot Washington Americans. President Tierney announced negotiations for sale of

Whitewater Meets Oshkosh for Lead of Normal Race

[By Gazette Correspondent.]
Whitewater—The Whitewater Normal or Oshkosh Normal is leading the state conference after this week-end. The teams started battling here Friday afternoon, neither having been defeated or tied in their previous contests.

Oshkosh is considered the strongest team in the conference. Their showing is based upon their defeat of Ripon on college, 3 to 0, and of Superior Normal, 8 to 0. In these two games all points were made on place kicks. In the Superior game, Oshkosh added two points on a "safety."

Whitewater Keyed up
All Whitewater is keyed up. The business men have decorated their stores and many of them closed for the afternoon. A big parade preceded the contest.

Whitewater has played two games and won both. The first victory was over Marquette academy and the second over DeKalb Normal. Coach Agnew has devoted all his time to the line this week while "Hoops" has been directing the backfield.

Great Football Contests Hold Center of Interest

King Football holds sway again over southern Wisconsin this week-end in high school normal school, college and professional combats. An huge and greater list of games has been carded for the fans than a week ago. For Janesville, the interest of gridiron followers will shift over to Monday where the Badgers are to meet the strong Green county high school. The Bowler city is in a battle.

Can Beloit Do It?
Outside of high school circles, there are two games weighted with extraordinary conditions. One will be staged at Beloit Saturday, where the Gold meets Lawrence as the major part of a homecoming celebration. Beloit has a team that is stronger than last year and is pulling for the blood of Lawrence whom it has defeated only once since 1909 and that was in 1914.

The other contest started at 3 p. m. Friday at Whitewater where Oshkosh normal player and Kramer, hails out of Whitewater Normal. Kramer is captain and coach.

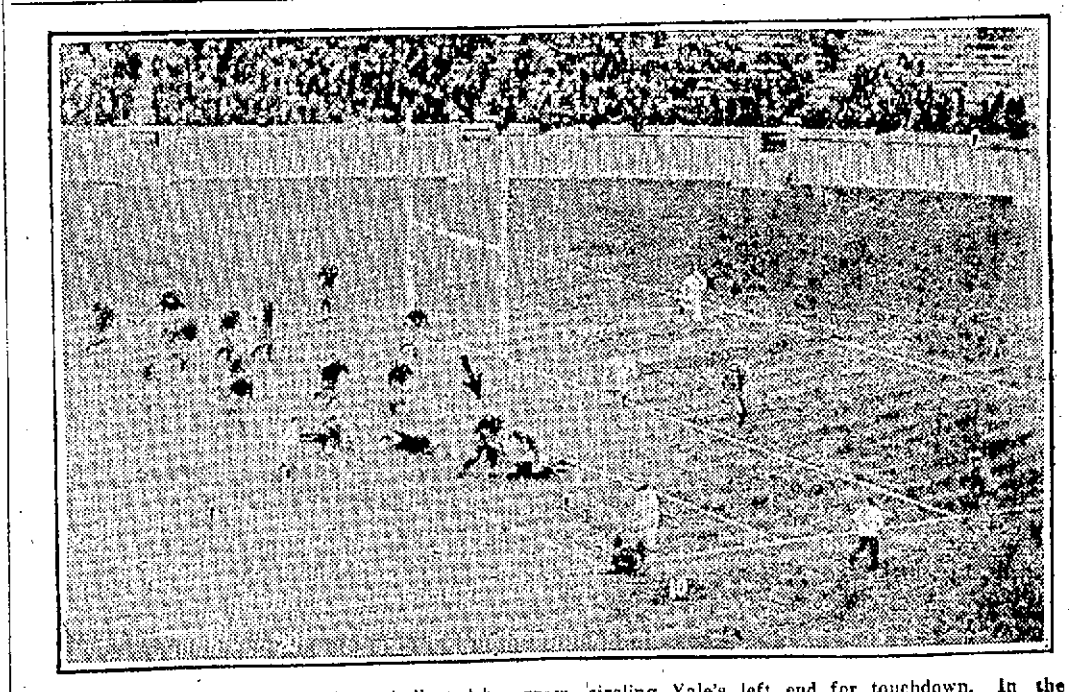

The Fort team is looking for games.

Bennett Defends "UW" Net Title

[SPECIAL TO THE GAZETTE.]
Madison—George Bennett of Janesville, last year's tennis champion of the university, is to meet Hienika in the finals to defend his title Friday afternoon. Bennett, nicknamed Campbell, Thursday, in a hot match. If previous meetings of the Friday contestants are an indication, Bennett should win.

Yale Game Showed Iowa's Greatness; Tad's Judgment

Quarterback Leland Parkin of Iowa, indicated by arrow, circling Yale's left end for touchdown. In the photo Parkin is about to be tackled. Note the Iowa defense man who has thrown himself in front of Parkin and blocked one Yale man about to bring down Parkin. The Iowa man was tackled an instant later but dragged his tackle over the line for a touchdown.

The match latter of battle of the Jones brothers will go down in football history as one of the most interesting contests of recent years. The contest proved Iowa's strength was not exaggerated by western critics and that Tad Jones is a man of keen judgment.

Iowa won, 6 to 0. Gordon Locke showed the east what the best line plunger in the west can do. Leland

Jefferson, which has not been going very well this year and has been defeated by wide margins meets the strong Oconomowoc eleven.

The Whitewater-Lake Mills combat Saturday promises to be a real fight. Whitewater city, while it has lost three straight, is going as well as Lake Mills, which has defeated only Waterloo, weaker than any of Whitewater's enemies.

Whitewater Normal high takes a trip to Cambridge. These are two teams almost evenly matched.

Lake Geneva, with two scoreless ties and one defeat, is up against a smashing team from East Troy in a game heated by rivalry.

Friday's high school game of interest will be staged with Milton Union at Fort Atkinson. After losing its two opening games, Union has come forth with a great spurt in the past week. It meets one of the strongest teams in the state in three straight wins against seven for its opponents.

SHORTHORN CATTLE BRING FAIR PRICE

Successful Sale Held by Rock
Co. Shorthorn Association.

The importance of testing records and judging ring awards were emphasized by the prices paid at the Rock county Shorthorn cattle sale held in the pavilion on the fair grounds Thursday afternoon by the county association. The sale was a success, for while the cattle did not bring their true value, the prices paid were good considering the shortage of cash among farmers and the present status of livestock prices. The average will exceed \$141 per animal, with a number of heifers and yearlings selling for less than \$100.

The top animal was Oscella Telur, an imported cow owned by the Walter Little, Rockville, which went to Seth Cull and son for \$225. She is the dam of Telur's Fame, grand champion of Wisconsin in 1921 and junior champion in 1922. The entry had a bull calf of known production ability.

The seven bulls offered sold well, especially where the dams had production records backing them.

Sale Well Attended.
Nearly 100 of the pavilion was occupied as there were many outside buyers attracted by the reputation of Rock county Shorthorns. Breeders declared it was safe to predict that the Shorthorn testing association is organized among 26 herds in the county. Future sale prices will be double and triple the prices paid for the cattle of known production ability.

"Rock county is in the limit with a national reputation for her Shorthorns," declared J. L. Torrey, secretary of the American Shorthorn association. "Shorthorns have and will have a good, steady demand, and certainly no other county can advance so fast nor as far as can Rock county with Shorthorn cattle, especially the milking strain."

Praise Pavilion.
"The water has been washed out of agriculture," declared Theodore Martin, Green Island, auctioneer. "We have been down to bed rock and coming up again for every business man is now anxious to see agriculture prosper. There is a future for the farmer who has not a system and good livestock is the present backbone of farm efficiency."

A complete list of the county sale will be published on the farm page, Saturday.

The Shorthorn men were successful in keeping the expenses of their sale to below an average of \$12 per animal. The county will receive many compliments on the new pavilion.

AFTON

(By Gazette Correspondent.)
Afton. — Mrs. August Backe returned home Wednesday from Columbia, Wis., where she was visiting her sister. Mrs. Edward Kitchin, Janesville, visited Mrs. Fred Miller Wednesday. There was a large attendance at the Ladies' Aid meeting held at Mrs. Thomas Corcoran's Wednesday. Mrs. Corcoran served a luncheon after the meeting. Mrs. Arthur Woodstock attended the banquet and meeting of the Kings Daughters Convention at the Baptist church in Janesville Wednesday. Mrs. Edward Kitchin and son, Elsie, moved to Stoughton Thursday and visited at the home of the former's daughter, Mrs. Andrew Severson. Mrs. Lucy Mifflin spent Thursday and Friday with her son, Will Mifflin in Janesville. Miss Bernice Blunt, Madison, spent the week-end at the David Johnston home. Mr. and Mrs. David Johnston moved to Stoughton Sunday and visited the latter's brother, H. C. Whitely.

WISCONSIN TOBACCO MARKET

The Wisconsin Tobacco Market Friday says: "The interest in the non-pool 1922 crop of tobacco started last week from Vernon and other northern counties to Columbia county. In last week's issue we made record of the fact that contracts had been written, but up to date of going to press we did not have the report of sales confirmed."

"In the Rio section several sales have been made; among them are: Bill Kusson, 5a at 16 and 3c; Robert Kreier, 5a at 16 and 3c; Wm. Bair, 15a at 16 and 3c."

"In the Lodi section Lars T. Larson sold 6a at 21 and 2c; E. A. Antensen, 1a at 23 and 3c; Louis Ness, 2a at 23 and 3c; Sherni Souders, 6a at 20 and 3c; Ole Larson, 2a at 15 and 3c with \$110 bonus."

"In the Rio neighborhood 20 cents was offered for fancy lots, while half-cents sold at 6 a, but few willing to sell. "This opening of the southern area campaign is encouraging. The non-pool portion in Columbia county may not exceed 245 acres. The towns of Arlington, Lodi and Lowville have the bulk of the unassigned acreage, while Hamilton, Oshkosh and Janesville combined total acreage of better than 1,000 acres have less than 100 acres of non-pool tobacco. The figures here given are approximately correct and based on estimates taken by men capable of judging the situation."

"In case tobacco the market continues active. Good 1921 binnars are popular, and the worry will be on time not having the kind of crop to sell rather than on those having it for sale. Halverson & Dittus, Stoughton, sold 250 cases, 1921 to Trickett Tobacco Co., and there are other sales reported but we have not been able to ascertain the quantity. "Since the announcement of the pool warehouse director that pooled tobacco will be sold in the open market in the bundle, matters have been quiet in that direction. Activity among some of the combining concerns in the 1922 non-pool is looked for in the near future."

GREEN BAY GIRLS TOLD HOW TO LAND REG'LAR HUSBAND

Green Bay—Men who have any intention of marrying Green Bay girls are advised to watch their step. A word to the girls of this city on the merits of a good husband is being handed to all attending the mass of Father O'Leary, who recently delivered one of a series of lectures advising girls not only how to choose a better husband but how to become more responsible, efficient and successful housewives.

Father O'Leary in his address scored the large number of divorcees in the country and assigned reasons indicating the fault to be visited. In the first sermon he made out a set of rules which he said would be of help to the girl in her choice of a husband and a help to the husband if his wife followed them. Following are the points stressed as leading to a genuine union:

1. Learn the subjects of colorology, washology, sweepology and mendology, so as to render yourself as useful as possible.
2. Look out for the man who disrespectfully refers to his parents as the "old man" or the "old woman." He will soon forget you, when you begin to feature him in your life.
3. Shun the fellow who is everybody's good friend. He will never be your husband.
4. Don't entertain a long courtship. If a girl can't read a man like a book after a year or six months, she had better put the book on the shelf and close it. The other hand, don't be too hasty.

It Started Something

"I have not said anything to you, but have been saying to others and have induced many to take your medicine and be convinced. May's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation; also the bloating and indigestion. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. People's Drug Co., and druggists everywhere."

THEY MARRY YOUNG IN SOUTH AMERICA

Unique Customs of Foreign Countries Described by Y. W. Worker.

About 75 members of the Y. W. C. A. heard Miss Irene Shepherd, national Y. W. lecturer, tell of the work in South America, at the fall membership rally, Thursday night, in the association rooms. An impressive feature of the program was the recognition service for new members conducted by Mrs. M. O. Moust, chairman of the membership committee. The candle lighting ceremony was used.

New members are: Misses Agnes Butler, Katherine Davis, Elizabeth Diehl, Margaret Doane, Clara Edwards, Marion Hamilton, Ellen Larson, Ida Lester, Margaret Litch, Beatrice McBride, Mildred McBride, Alice McGregor, Evelyn Paulina Oestreich, Hjordis Pedersen, Maude Sykes, Helen West, Mesdames Carl Diehl, Ella Michelson, Vera Rue Shawson, Florence Sloan Hyde.

The following nominating committee was elected to report at the annual meeting in January: Mesdames Allen P. Lowrey, Jr., Helen McNaught, Carl Diehl, and Misses Mary Mout, Alice Clithero, Ida Blish, Sara Sutherland.

Countries like Y. W. C. A. The lecture by Miss Shepherd was interesting and threw many side-lights on the way the people live in South America. She stated that the more progressive women in the different countries are anxious to have the Y. W. C. A. work developed, but are unable to raise the necessary funds until a demonstration has been made, after which it is usually possible to put an association on a self-supporting basis. Association

WORKER SEES BIG FUTURE FOR CHINA

Chinese School Principal, Visits Here, Optimistic for Better Country.

While China is still 100 years behind in civilization and national improvements, better times are ahead with the people showing a new spirit and a desire to better their country, in the opinion of Miss Louvera McReynolds, formerly of Fairfield, Neb., now principal of a girls' boarding school in China. Miss McReynolds has been the house guest this week of Mr. and Mrs. Harold J. Dane, 512 Blackhawk street, who and Mrs. Dane having been schoolmates several years ago at Boone college, Crete, Neb.

"I have great hopes for China, chiefly because of the fast-growing popularity of education there," said Miss McReynolds. "Both boys and girls are going to school in larger numbers and for a longer time than ever before, and I believe this is laying the foundation for a better country. I am enjoying my work there especially because of the great interest the students take in trying to improve themselves."

In China Five Years.

Miss McReynolds had been in China the past five years, working under the Women's Board of Missions of the Interior, a Congregational church missionary organization under control of the American Board of Missions. The school of which she is principal has 80 girls enrolled and is located at Inghai, about 45 miles from Poochow, a seaport town in South China. All the teachers are Chinese and all instruction is given in the native tongue, with which Miss McReynolds herself is fully familiar.

"How long did it take me to learn Chinese?"—how long does it take a boy to learn to speak?" questioned Miss McReynolds. "It's hard to tell. Probably about two years, for that is the usual study necessary before passing the examination."

Goods to Evanston Meet.

Miss McReynolds said she is living in a mountainous section where farming is confined to small areas and where it would be impossible to use any of the modern farm machinery were any available. They are still using the sickle, flail and other crude hand implements for farming, she said.

Transportation facilities are wholly inadequate. It takes longer to get a doctor from Poochow to Inghai, 40 miles, than it would to send to Chicago for one from her home in Fairmont, Neb., because it is necessary to call him by messenger. Two days are required for the trip each way. While there are a few automobiles in Poochow, there are none in Inghai.

Miss McReynolds will go from Janesville to Evanston, Ill., to attend a meeting of the American Board of Missions, and later will go to Cleveland for a W. B. M. I. meeting. She expects to return to China next summer at the conclusion of her year's furlough.

OIL LIGHT BEATS ELECTRIC OR GAS

BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal-oil). The inventor, F. D. Johnson, 603 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

Technical Battle Is Seen in Trial

White Cloud, Mich.—The trial of Mrs. Meda Modell, for the alleged murder of her father-in-law, David Modell, promises to develop into a lengthy series of technical examinations, the defense attempting to refute the claim of the state that Modell died from poisoning.

Several experts from the University of Michigan were slated to testify for the prosecution in support of the statement of J. L. Dill, state chemist, that sufficient poison to have caused death was disclosed by an autopsy. The defense, too, it was said, will call prominent toxicological experts.

Plenty of Soft Coal for Northwest, Claim

[BY ASSOCIATED PRESS.]

Milwaukee—Indications are that the soft coal requirements of the North West district, which includes Lake Superior and Lake Michigan ports, will be met, but that hard coal shipments will not be sufficient to take care of the demand, according to J. P. Pullman, president of the Wisconsin Utilities association.

Mr. Pullman based his prediction upon the latest authoritative government compilations of receipts for the North West district, which he has just received.

If soft coal is received up to Dec. 15 at the same rate it has come so far for the first 15 days of this month, the North West district will have received their average annual requirements said Mr. Pullman. "If hard coal is shipped in at the same rate the North West will be 65 percent short of annual requirements."

These compilations show that the receipt of hard and soft coal via the lakes for the northwest districts totaled 6,260,448 tons, which is 24 percent of the average annual requirements. Last year the total receipts for the season were 21,977,513 tons.

The Milwaukee district which includes ports on the west and east shores of Lake Michigan, has received the annual requirements which last year were 6,914,368 tons.

"Soft coal prices are still high," said Mr. Pullman, "and will increase operating costs of utility companies more than a million dollars in the next five months."

OLD SETTLERS DIE

Waukegan, Wis.—During the last week, this community lost two of its oldest settlers. Mrs. John Lahti, over 90, died at the home of her son, Matt Lahti, Sr., 79, died from apoplexy at his home.

Electric machines for post-marking letters can stamp them at the rate of 800 a minute.

POLICE CHIEF RISKS LIFE IN VAIN COUP TO CAPTURE KILLER

Louis D. Oaks, daredevil police chief of Los Angeles, made an unsuccessful attempt to kidnap "Little Phil" Alguin in Juarez and bring him back to Los Angeles for trial on a murder charge. Oaks almost lost his life in the hands of the infuriated Mexicans. "I'll get him yet," is his only comment.

Half Million in Liquor Law Fines

Madison—Over \$500,000 in fines will be collected from offenders against the seven-year prohibition law during the present year, W. Stanley Smith, prohibition commissioner, estimates. All of this money will go to the common school fund of Wisconsin.

Larger fines and the increased number of convictions for violation of the liquor law are given by Mr. Smith as the reason for the estimated increase in the total amount of fines collected. During the last fiscal year slightly over \$300,000 was received through operation of the statute.

Judges of most Wisconsin courts are now imposing heavy fines after convictions, Mr. Smith said.

Women are admitted to membership of the Brooklyn (N. Y.) Chamber of Commerce.

ALLEGED BROOKLYN ROBBER CONVICTED

Brooklyn—It is not likely that J. Kellher, identified by E. T. Cunningham, detective of the Wisconsin Bankers association, as the man who robbed the Brooklyn postoffice in 1918, with an accomplice, will ever be tried in the state. He was convicted at Long Prairie, Minn., Wednesday for murder of the town marshal.
